Mini books and Flow charts

Mini books

Mini books support children to capture and organise their ideas for writing. They identify themes 'golden threads' that can be referred to throughout their writing to support cohesion.

Flow charts

Flow charts are a versatile tool to support children demonstrate their understanding across the curriculum. A g planning tool, they are integral to the writing process.

Flow charts are used to support children organise their ideas for writing into cohesive paragraphs. They are also a useful tool to support children examine the author's choice of vocabulary and consider the intended impact on the reader.
