

## Sparrows & Wrens

### Week Beginning 04/03/2024

### What we are learning about:

This week we will be thinking all about mothers (and others!) day.

We will talk about the people who are special to us and look after us and why.

To do this we will write captions/sentences about why we love people, drawing portraits of them and reading an e-book. We will also be focusing on our colour mixing skills and talking about different shades of colours.

We will also be keeping our NHS project alive by thinking about 'diversity', including how our families all look different from earlier in the year. We will continue to role play different occupations in our hospitals, as well as with small world figures and making emergency vehicles in the construction area!

On FRIDAY we will be celebrating world book day, focusing on key texts, and talking about all of our own favourite stories and why we like them!

## Number of the Week

# 10

## Sounds of the Week

### Assessment Week

### Ideas for at home:

Talk about people who are special to you and what you can do to make them feel special.

Continue to talk about the different jobs within the NHS and what they can remember.

Watch number blocks number 10 episode and talk about what they notice.

Talk about odd and even numbers and what they are - we have been thinking about this lots!

Help children to practice recognising and writing their sounds to be able to do this independently, and put these into words, captions and sentences.

Help children to read their RWI book bag books, and share reading for pleasure books together, asking questions about what you read together, and get children to predict what they think might happen next!
