

Sparrows & Wrens

Week Beginning 16/10/2023

What we are learning about:

This week we are thinking about people who help us, and the different job roles people have within the community.

We will be having some special visitors with different jobs in the community to talk about what they do, with the opportunity for children to ask questions and engage their curiosity.

We will listen carefully to different sounds and think about what they might be and when we might have heard them before. We will talk about the similarities and differences within these and talk about our ideas and what we notice

We will think about how to help ourselves too - by staying healthy! This includes brushing our teeth and talking about healthy/unhealthy foods.

Sounds of the Week

Assessment week
Recap taught sounds

Ideas for at home:

Talk together about healthy/unhealthy foods and why we need some things in moderation.

Show, and practise good teeth brushing and establish morning & night brushing routine.

Help children to practice writing their first name (with only a capital letter at the start) to help them label their work in school.

Talk about what job you/people you know do and how that helps the community.

Go on a walk and see what leaves you can find, are they changing? Talk about Autumn and how the leaves change and how the environment is changing with the season.
