

Kath Lister

Kath Lister Chair of Governors

Term of Office 2nd July 2020 to 1st July 2024

Member of all Governing Body Committees

Chair of Strategic Development Committee

I joined the Governing Body of Hayfield Lane Primary School in 2008. In 2009 I became Vice Chair and in 2014 became Chair of the Board.

I am currently also part of a research group looking at the development of reading and writing throughout the school

I chose to become a governor after my retirement as Headteacher at Bawtry Mayflower Primary School, as I felt after 40 years in education I could offer my experience and expertise to the school.

Since then I have seen many changes to the school including the appointment of a new Headteacher and many new staff.

I have been proud to watch the school grow from strength to strength, including moving from a one to a two form entry.

I have endeavoured throughout this time to maintain up to date knowledge of the many changes in education and have been able to do this due to the ongoing commitment to professional development which Mrs Tempest and her staff seek out and share with governors.

The school looks outward, working with other schools and professionals, always seeking improvement.

The last two years have been extremely challenging for school leaders, but I feel that through hard work and commitment we are now moving forward together to ensure that our pupils are on the right path to a successful future.

Above all, I am proud of the pupils' behaviour and attitudes to learning fostered by the hard working staff who make Hayfield Lane Primary School a happy and fun place in which to learn.

Believe & Achieve
