

What we are learning about:

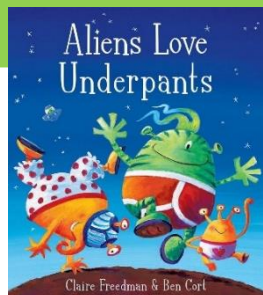

This week we are continuing to think about space, and are continuing to learn the names of the planets and a little bit about each of them!

We will be then look at if we think aliens exist, before designing and making our own aliens to show you at our parent showcase event!

We will read *Aliens Love Underpants*, exploring the story in lots of ways, as well as designing our own pants!

We have lots of opportunities to explore space and build on our knowledge and make links to what we know.

We are doing incredibly in maths and will be thinking about numbers to 20 in lots of different ways.

Sparrows & Wrens Week Beginning 9/3/2025

Maths

This week we will be focusing on numbers to 20

We will look at these in lots of different ways, applying maths concepts we have already learnt so far this year to solve problems and complete activities.

Phonics

NEW RWI GROUPS

All children will continue in their new groups this week.

We will change books on TUESDAY

At home you could:

Practice red word keyrings and new RWI books.

Share reading for pleasure books together, asking children questions about the story to check they understand.

Look in the sky at night and see what you notice!

Encourage children to dress themselves and pick out what they need for the weather.

See what you can find out about space -or send in questions on seesaw children want to find out!

Talk about gravity, and notice when things fall/hold your own ramp experiment to see what goes down a hill/ramp fastest and talk about why.

Reminder:

PARENTS EVENINGS are on **Wednesday** and **Thursday**.

FRIDAY is our **MOTHERS DAY SHOP** - if children want to get something, please bring in money in an envelope with their name on.
