

## What we are learning about:

This week we are thinking about the story of Hansel and Gretel.

We will explore the story in lots of different ways, including sequencing the story, role playing and re-enacting the story, painting, building and using our fine motor skills!

We will be rehearsing the story order with first, next, then and finally and using this to rewrite the story.

We will think about healthy and unhealthy foods and make lists of these, and share out food in picnics.

We will also be continuing to practice for sports day and getting ready for the races!

Our handwriting letter of the week is 'g'. We are so impressed with how hard children are trying to form their letters, and it is really paying off in their writing!

## Sparrows & Wrens Week Beginning 11/5/2026

### Maths

This week we will be recapping our knowledge of number in lots of different ways.

We will be refining our skills in all areas of maths and checking what we know to problem solve and be secure in our knowledge.

### Phonics

RWI Assessment week

We will change books on TUESDAY

## At home you could:

Practice red word keyrings and RWI books.

Share reading for pleasure books together, asking children questions about the story to check they understand, and see if they can predict what might happen next as you read it!

Encourage children to **dress themselves** and pick out what they need for the weather.

Read or watch Hansel and Gretel and see if the version is the same as ours at school!

We are working hard to write our letters correctly, can you practice this at home too?

Ask children to show you their drawing club from the day - can they draw a picture and write a sentence about it?!

### Reminders:

**PE kits** should be brought to school on a Monday and remain on pegs for the week.

**Please remember to send children dressed for the weather, and apply sun cream before school if it is a sunny day.**
